

Malish Flexible Drain Brush

- **New Splash Guard** to ensure anything flicking out of the drain on removal, hits the bottom of the Splash Guard, and not the users clothing, shoes, etc.
- **Splash Guard** covers the drain hole while the brush aggitates to further ensure contaminates do not come out of the drain.

- **Twisted Wire flexible handle** to reach those "hard to get at" drains.
- **Twisted Wire flexible handle** makes brush easier to maneuver into the drain futher because it is flexible enough make the turns in the pipes.
- **Poly ball on the end** to ensure brush makes a smooth pass on each turn in the pipe needed.
- **Crimped Poly bristle** to hold on to the Drain Chemical being used.
